COLD SHINE showed lots of speed first time out, drawn towards the middle outside of the track, with natural improvement he should find himself in front again. LION RAMPART is an on-speed runner who was very impressive last time. SWEETIE DARLING stepping up in trip should find herself closer to the pace this time round. ROMAN AGENT finds himself in a better race, the speed should be on, he will be coming at them late.

HANDSOME PRINCE showed plenty early speed when winning from start to finish in his last run. He is a nice big colt that likes to run along, his drawn towards the outside of the track and should find the front quite easily here. HEMISPHERE is having his second career start. This 2YO colt is drawn to get a nice run in behind the speed and should be doing his best work late. MASTER CASPER moved into the race beautifully at the 400m mark last time, he was still very green and should improve quite a bit. TALK TO THE MASTER ran on powerfully in his first run, his finishing times were really good, and he will be a serious threat to them all.

The speed will probably come from the inside draws. THE GREY KING is drawn perfectly to get the run of the race. He is a progressive colt that has won his last two starts impressively. He will be stalking the speed and running on well. HOLDING THUMBS won a very good race last time out coming from a long way back. This is a smaller field and he has the benefit of a good draw. CALL TO UNITE had absolutely no luck in running last time. If the speed is good in the early parts of the race, he will be running on very well. GREEN WITH ENVY absolutely took off in a G1 last time. This colt will go back in running for the first part of the race and then do his best work late.

AFTER THE RAIN with a good draw should go out there and lead the field. AT MY COMMAND drops in trip and gets a good draw. He's been running against much stronger in his last few starts. POMODORO'S JET likes to be up on the speed. He won his last race in the boardroom. He is slowly starting to creep up the weights but does look very progressive. QUASIFORSURE steps up in trip to his best distance of 1400m. He has won 4 of his 6 races over this trip and he has drawn to do no work. SILVER OPERATOR is very much a course and distance specialist. From a bad draw, he might go back in the running and look to do his best work late.

DISTANT WINTER will be having her third run after a rest. She is a very classy filly that now drops in trip. WINTER CLOUD came from a long way back in her last start. She may go back in running again and look to do her best work late. PACIFIC GREEN has a tremendous turn of foot. She was a good winner last time when getting cover. The speed will be on and she will be running on strongly. SHANTASTIC should be cherry ripe. She likes to get some cover in the early parts of the race and then delivers a big finish very late.

DYCE was very disappointing in his last start. He reportedly was fatigued on that occasion when ripping off to the front and then getting tired late. He is a smart sprinter who has had his problems along the way. ISIVUNGVUNGU made his comeback to the races earlier this month when running a very good second. He likes to race on speed and he will try and fight them off from the front end. SURJAY is one of the most consistent horses in training. This will be his third run after a rest and he should be stalking the speed and coming at them very late. THUNDERSTRUCK won a very good race last time. He is unbeaten at this course. He will be just off the speed in the early parts of the race and then finish strongly that last 400m.

The speed should be decent in this race. RASCOVA likes to be right up there on speed. She steps up in trip after fading out tamely in her last start. RED PALACE is way above average. The pace of the race didn't suit her last time. This filly will go up handy over this trip and she will be allowed to use that big action. PRINCESS CALLA is the class package. She was also beaten by the pace last time. From a decent draw over this distance, she will sit just off the speed and come with a big finish. MAKE IT SNAPPY hasn't run for a year. This 4YO filly likes to race up on the speed, she is more than capable of winning a race like this if she is ready after a long break. BEACH BOMB has done everything right in her small career to date. She likes to race off the speed and then runs on powerfully.

There looks to be quite a bit of speed in this particular race. BAVARIAN BEAUTY likes to race up on speed. She is a G1 winner over this trip and will be the best weighted horse in the race. INFRARED had absolutely no luck in running last time. He will try and secure a nice position just off the speed and work into the race late. TAIL OF THE COMET has been a bit disappointing in his last two starts at Graded level over this trip. He drops in class for this sales race and must be respected. RAPIDASH has unfortunately drawn very badly. He will drop back in running from a tricky draw and do his best work late.

MONTIEN tries the trip for the first time. He is a nice big individual that likes to race up on speed. PACAYA is drawn to do absolutely no work. He should be cherry ripe for this G1 event and will be storming home from just off the speed. MUCHO DINERO has done everything right in his last few starts. He enjoys some cover in his races and will be flying at them. The slow pace didn't suit him last time and he still managed to quicken up beautifully to win a good race. ROYAL AUSSIE ran a very good race last time when dropped out and produced his best work late. He will drop back in running and with some luck should be right there. SEE IT AGAIN is the hot favourite to win this G1 event. His preparation leading up to the race has been perfect. He will try and find some cover in the early parts of the race and should be far too good for them

ARAGOSTA likes to be up on speed. He stays very well and from a neat draw he will be the horse they need to fetch when they turn for home. RAISEAHALLELUJAH didn't have things suit him last time. He was forced to over-race throughout the contest and he unfortunately got tired very late. With a more economical run in transit from a good draw, he should bounce back to form. TRIPLE TIME ran on very well last time. He tries this trip of 2800m for the first time in his career. He should relax just off the speed and will be doing his best work late. NEBRAAS stays all day. His last two runs at the track have been sensational. He will settle just off the speed early and come at them all very late. ONE WAY TRAFFIC has been very disappointing. He has all the ability in the world but needs things to work out for him on the day. From a bad draw he will go back in running and with some luck he can bounce back to best.
